

Hidden Acres Newsletter

Welcome to Hidden Acres!

We're excited to launch our very first Hidden Acres newsletter! We're thrilled to see our family of furry friends growing as much as it has over the last year. This quarterly newsletter is your exclusive look into everything happening at Hidden Acres. Each issue will keep you in the loop with exciting updates, introduce you to our dedicated team, and feature your pets enjoying their stays!

Meet Jackie!

In 2007, Hidden Acres was born out of Jackie's love for dogs and her desire to offer a warm alternative to commercial kennels. Her goal was to provide a calm, in-home boarding environment that feels just like their own, helping maintain their training while their families are away. "Every dog's routine is different, and we cater to their individual needs here."

Pool Time!

You asked, and we delivered! We're excited to announce the grand opening of our brand-new pool, now offering dock diving and swimming lessons for your pups! Whether your dog is a natural water lover or needs a little encouragement, Jackie is ready to help them build confidence and have a blast in the water.

Meet Pepper!

Pepper has been an absolute joy during his long-term stay with us! We're incredibly proud of the strides he has made in his off-leash training and his progress learning to stay calm in high-energy environments. This prepares him perfectly for returning home to his family.

He has also learned to regulate his anxiety in the car and in public spaces, and mastered basic commands like sit, heel, and recall. Beyond his impressive training achievements, we are truly enjoying his sweet energy each day he is here. Way to go, Pepper!

Hear from Our Clients

Jackie is AMAZING!! She has been watching my wild Belgian Malinois for 3 years. I have 3 of them ranging from 6yrs to 9mo and they all love her. They always come home tired and happy from all of the excitement at the farm. I refer people I know to Jackie anytime they are looking for a reliable, flexible, safe place to keep their pups – [ANNA M.](#)

Jackie took great care of my three dogs for 7 nights, who were sad to leave her and her beautiful land! They had plenty of exercise and attention, as well as rest and love. We will definitely be using Jackie again in the future, both for boarding as well as training! – [JORDAN B.](#)

My wife and I travel often, we also have multiple dogs and various other animals. Jackie is the only person we feel comfortable caring for our animals. She's a true animal professional and her compassionate care is second to none. If you want the best for your pet, then rested assured you've found that with Jackie. – [RYAN O.](#)
